TOKS ADEBANJO VIRTUAL ASSISTANT WINS BEST NEWCOMER VA AWARD 2018

Lothian-based TAVA Services scoops award in national UK VA Awards 2018

2nd March 2018 – On the 1st March 2018, Toks Adebajo was announced as the winner for the award of Best Newcomer VA at the UK VA Awards, held at the VA Conference in Olympia, London.

Toks is a sole trader operating as Toks Adebajo Virtual Assistant, based in Musselburgh, East Lothian. She started her business in October 2016 after graduating from Edinburgh College with a HND in Admin and IT. She has many years of working in admin and customer services, and is passionate about using her skills to support a variety of businesses on a freelance basis.

The goal of the UK VA Awards is to promote the growing value of virtual assistants to the wider business world, as well as to recognize the efforts of those working and standing out in the profession. The Best Newcomer VA category is for VAs who have been in business for 15 months as of December 2017.

“I’m over the moon to win this! It’s great validation that some top people in the industry recognize all the hard work I’ve been putting into this. The past 15 months of building up my virtual assistant business have certainly been a roller-coaster ride. It’s my very first business, so I had to learn a lot of new things on how to set up from scratch. It’s been hard work to constantly market myself and work with my many great clients, but I have loved the journey. I look forward to see where I can take this further in the future.”

Toks Adebajo Virtual Assistant provides flexible admin solutions to small businesses and entrepreneurs. Her goal is to reduce the time clients are spending on time-consuming admin tasks, so that they may

fully focus on their core business. Her services range from email management, research, data entry, newsletters and much more, depending on her clients' needs. The remote nature of her business means that she can work with clients from anywhere in the country or world.
